Strategic **Solutions** That Provide Results

Frustrated by another health insurance renewal rate increase?

SBG solves your dilemma of yearly double-digit increases in employer benefits costs. With our proven strategy, we provide solutions that provide:

- Lower insurance costs
- Create a strategy to solve renewal increases
- Offer employees additional benefits that enhances their current package
- Paperless form application provides one stop pre-screen quotes and enrollment process

What's your broker's long term strategy for helping you control cost?

Don't have one? You need one!

Let us give you a second opinion about how you can add benefits and lower your company cost.

Do you have access to big company benefit services?

The market is saturated with good health insurance agents. They keep your interests top of mind, find you a fair price and even promptly return your call.

SBG goes a step further by providing small businesses with a no-cost, secure online 24/7 HR benefit management system like large companies have so you don't have to make the call.

- On-line access to all your critical benefits and HR information 24/7
- Personalized benefit statements to increase employee satisfaction
- Online applications and enrollment
